OBJECTIVE

Enthusiastic Computer Science student eager to apply theoretical knowledge to practical industry challenges. Skilled in C programming, Data Structures and Algorithms, and research-oriented problem solving. Looking for internship and software development opportunities to enhance my technical and professional skills.

EDUCATION

SR University 2024–Present
Bachelor of Technology in Computer Science and Engineering Warangal

Miity Junior College 2021–2023
Intermediate (MPC), Percentage: 88.6% Hyderabad

Thushara High School 2020–2021
Secondary School Certificate (SSC), Percentage: 100% Hanamkonda

SKILLS

Programming Languages	Python
Core Subjects	Data Structures and Algorithms
Data bases	Mysql
Soft Skills	Analytical Thinking, Problem Solving, Communication, Leadership Organizational Skills, Teamwork, Time Management, Adaptability
Frontend	HTML, CSS, Bootstrap,JavaScript
Languages Known	English, Telugu

EXPERIENCE

Computer Science Student Present
SR University *Warangal, Telangana*

- Learning programming concepts including C and Data Structures.
- Solving coding problems to improve logical and analytical thinking.
- Participating in academic activities focused on software development.

PROJECTS

Academic Coding Practice. Regularly solve programming problems using Python and DSA to strengthen problem-solving and logical reasoning skills.

Data Structures Practice. Implemented basic data structures and algorithms including arrays, linked lists, stacks and queues as part of coursework.

EXTRA-CURRICULAR ACTIVITIES

- Regularly practice coding to improve programming and analytical skills.
- Playing chess to enhance logical thinking and decision-making abilities.

HOBBIES

- Playing badminton to enhance teamwork, discipline, and strategic thinking.
- Dedicated to practicing coding to develop strong algorithmic and problem-solving skills.
